Chemical Metering Pumps

You can rely on LMI
LMI: A History of Excellence … A Future of Innovation

**We earn our reputation every day.**

LMI has been leading the way in the metering pump industry for over 40 years. The fact is, we have a world-renowned reputation for manufacturing the highest quality, most reliable pumps on the market. But that’s just not enough. We feel a reputation this good should be earned every day. And here’s how we do it;

**We build relationships.**

Our goal is to exceed your expectations. In order to do this, we need to fully understand the challenges, limitations and demands you experience on a daily basis. That’s why we put an exceptional amount of importance on partnering with our customers – not to build business – but to build relationships.

Of course, our long history in the industry gives us a distinct advantage when it comes to mastering the technical details and varied applications required for proper water treatment – but every customer is different. And we pride ourselves on being able to anticipate your needs before they arise, and provide the right solution, every time.

**We focus on quality.**

Now let’s talk about pumps. As a pioneer in the industry, LMI actually introduced the first-ever full line of electronic metering pumps and accessories. And today, our trademark black and yellow has come to stand for quality, reliability, superior design and excellence in service.

Our wide breadth of products extends from basic metering pumps to highly sophisticated custom designs for specific customer applications. Whatever your needs, our highly-trained, knowledgeable service representatives are ready to answer any questions you may have, and find the solution that’s best for you.

**We constantly improve.**

LMI is committed to continually improving our products and processes through a quality management program based on best practices. The fact is – the industry is constantly changing, and your needs are changing along with it. LMI is shaping the future by exploring emerging technologies and offering you the most state-of-the-art products available.
Our job is to make yours easier.

With strategically located manufacturing sites and channel partner experts available around the globe, LMI is ready to help you wherever you are. Contact us today to find out how our pumps and accessories can make your job easier: www.lmipumps.com

We provide application expertise with extensive experience. Our global distribution will partner with you long after the sale.

We offer a full line of metering pumps:

**P Series**
- .003 to 2 GPH (.8 to 7.6 l/h)
- Max: 250 PSI (17.2 Bar)

**Excel AD**
- .002 to 2 GPH (.8 to 7.6 l/h)
- Max: 250 PSI (17.2 Bar)

**B Series**
- .001 to 7 GPH (6.1 to 26.5 l/h)
- Max: 150 PSI (10.3 Bar)

**C Series**
- .001 to 25 GPH (4.9 to 95 l/h)
- Max: 300 PSI (20.7 Bar)

**SD Series**
- .12 to 127 GPH (2.6 to 435 l/h)
- Max: 175 PSI (12.1 Bar)

**SG Series**
- 26 to 300 GPH (400 to 1,136 l/h)
- Max: 150 PSI (10.3 Bar)

**E Series**
- .001 to 20 GPH (4.9 to 78. l/h)
- Max: 300 PSI (20.7 Bar)

**J Series**
- .01 to 2 GPH (1.6 to 7 l/h)
- Max: 140 PSI (9.7 Bar)

**EXCEL XR**
- .006 to 16 GPH (.023 to 68 l/hr)
- Max: 175 PSI (12.0 Bar)

**APPLICATIONS**
- Water Treatment
- Waste Water Treatment
- Chemical Processing
- Food & Beverage
- Oil & Gas
- General Industry
- Power Generation
- Pulp & Paper
- Textiles
METERING PUMPS - FEATURES AND BENEFITS

STANDARD ELECTRONIC - Value Added Integral Control

P Series Pumps
- High quality construction
  Durability you can trust
- Compact size
  Ideal for industrial water treatment applications
- Fixed speed versions
  For simple applications

EXCEL™ Series AD Pumps
- LCD interface
  Easy to view content
- Fast prime liquid ends
  Priming without depressurizing the discharge line
- Digital and Analog Outputs
  User control interface with remote systems

B Series and C Series Pumps
- Highly accurate / consistent dosing performance
  Ideal for OEM & Municipal applications
- Advanced control options
  Simplified system integration (pulse multiply/divide, 4-20 mA, remote on/off)
- External pacing
  For flow proportional applications

MOTOR DRIVEN - Higher Output and Higher Pressure Applications

SD & SG Pumps
- Mechanically actuated diaphragm (MAD)
  Proven robust design
- Variable eccentric design
  Delivering smooth output to your application
- Variable speed drives
  External control (4-20 mA)
- Durable metallic housing
  Designed to withstand corrosive environments
INTELLIGENT CONTROL - Enhanced Performance and Process Control Capabilities

EXCEL XR Metering Pumps
- Advanced easy-to-use operation interface
  Enables maximum application customization
- Remote Connectivity
  Feedback in real-time for maximum control
- Universal power supply
  Providing maximum power flexibility
- Multi-language navigation (English, French, Spanish, Portuguese, and Chinese)
  Convenient operation anywhere in the field
- Innovative drive system with +/- 1% steady state accuracy over 1000:1 turndown ratio
  Greater flexibility handling difficult chemicals

SPECIALIZED ELECTRONIC - Explosion-proof and Remote Requirements

E7 Series Pumps (Explosion Proof)
- Rugged, urethane coated cast housing
  Designed for hazardous environments and outdoor use
- Manual control or external control
  Without the need for costly motor and control options
- Designed to meet or exceed standards
  Including Class I, Division I, Groups C and D; Class II, Division I, Groups E, F, and G

J5 Series Pumps (12 VDC)
- 12 VDC Power
  For remote applications where AC electrical power is unavailable
- Low power consumption (1.6 amp average current draw or 19 watts at maximum speed)
  Efficient use of power without compromising pump operation
- Manual or external control
  Flexible operation for flow proportional applications
Making LMI pumps and Accessories work for you

For integrators
Specifying LMI metering pumps and accessories for critical systems gives process systems integrators the best guarantee of reliability, accuracy, and performance in challenging environments.

For operators
Consider the value of LMI reliability when making updates to your equipment. LMI offers field-proven dosing technology, a state-of-the-art technology platform, and an easy-to-use navigation system all backed by authorized industry experts to support you long after the installation.

Liquid end assemblies
LMI offers a wide selection of liquid handling assemblies with flexible tubing and pipe thread connections as well as configurations for high viscosity chemicals to provide total flexibility in all applications.

- PVC
- PVDF
- Acrylic
- Polypropylene
- 316 SS
ACCESSORIES

COMPLETE YOUR APPLICATION

Accessories

LMI’s global stocking distributors are strategically located for fast delivery of pumps and accessories to maximize your system and application. Customize the installation to meet your application needs using pump accessories from LMI.

- Calibration cylinders
- Control modules
- Flow indicators
- Flowmeters
- Fluoride saturator
- Monitors
- Pulse transmitters
- Pump mounting accessories
- Tanks
- Valves
- Tubing
- and much more

Repair and Preventative Maintenance Kits

The RPM Pro Pac™ kits are an economical solution to annual pump maintenance.

These kits are conveniently packed with easy to follow instructions to maximize pump uptime.
About Ingersoll Rand Inc.

Ingersoll Rand Inc. (NYSE:IR), driven by an entrepreneurial spirit and ownership mindset, is dedicated to helping make life better for our employees, customers and communities. Customers lean on us for our technology-driven excellence in mission-critical flow creation and industrial solutions across 40+ respected brands where our products and services excel in the most complex and harsh conditions. Our employees develop customers for life through their daily commitment to expertise, productivity and efficiency. For more information, visit www.IRCO.com

LMI has provided superior equipment and industry expertise to the water treatment industry for more than 40 years.

All products are in stock for immediate delivery. Contact your local LMI distributor today or visit us online at lmipumps.com to locate the LMI master distributor in your area.
